Portable Electrical Testing & Tagging

Conduct in-service safety testing of electrical cord assemblies and cord connected equipment (UEENEEP026A)

Amendments were made to the OSH Regulations to allow a competent person to test and tag portable electrical equipment for use on a construction and/or demolition site. As required by the Occupational Safety and Health Act and Regulations the course provides participants with the knowledge and skills required to test and tag portable electrical equipment on demolition, construction and mine sites.

Pre-requisites:

- Attendees must complete and return the assessment for UEENEEE101A Apply Occupational Health and Safety at least 2 days prior to the commencement of this course (assessment paperwork will be available once completed registration form is received)

On successful completion you will receive your Statement of Attainments for UEENEEP026A Conduct in-service safety testing of electrical cord assemblies and cord connected equipment and UEENEEE101A Apply Occupational Health and Safety regulations, codes and practices in the workplace.

Note: It is a pre-requisite of this course that you bring a piece of electrical equipment with you.

TIME: 8.00am – 1.00pm
VENUE: Master Builders Training Centre, 4 Walton Close, Geraldton
TRAINER: Nara Training
COST: FROM \$315*^

*Subject to Master Builders Membership and Construction Training Fund Eligibility
