

PLAN READING & INTERPRETATION

WHY ATTEND?

Plans and specifications are critical to all buildings. This course looks at the minimum standard builders should expect for plans, and references in the specification. Notations and symbols are explained for both architectural and structural plans and details.

WHAT WILL YOU LEARN?

This course will provide you with a better understanding on:

- Plan reading and interpretation as well as minimum standards expected in documentations
- Minimum details that should be expected for residential buildings to explain things clearly on site
- How specification and plans are cross-referenced

A Master Builders Certificate of Attendance will be awarded.
