

# TILT-UP CONSTRUCTION

CPCCCM1016A Identify requirements for safe tilt-up work

## WHY ATTEND?

This unit of competency supports achievement of tilt-up work knowledge required prior to entering tilt-up workplaces. It meets the needs of workers requiring tilt-up work induction training according to legislative requirements.

This course is a legal requirement for people that are involved in the manufacture, storage, transport, erection and tilt-up and pre-cast panels.

## PRE-REQUISITE

There are no pre-requisites for this unit however all participants must meet the following:

- Have a good understanding of written and spoken English
- Have a completed white card training

## WHAT WILL YOU LEARN?

- Identification of tilt-up construction and risk management processes
- Identification of information relating to safe tilt-up construction
- Identification of procedures to maintain safety of self and others

A Statement of Attainment will be awarded by Nara Training and Assessing (RTO 4518) upon successful completion of course assessment requirements.
