

ELEVATED WORK PLATFORM

TLILIC2005A Licence to operate boom type elevating work platform
(boom length 11 metres or more)

WHY ATTEND?

This unit specifies the skills and knowledge required to safely operate a boom-type elevating work platform where the length of the boom is 11 metres or more. A person performing this work is required to hold a boom-type elevating work platform high risk work licence (HRWL).

WHAT WILL YOU LEARN?

- Duty of care
- Personal protective equipment
- Hazard identification and risk controls
- Pre-and post-operational checks
- Forklift orientation
- Duty of care
- Stability when raising the load
- Stability when tilting the load
- Traveling, Loading trucks and Parking
- FLT's and electricity
- Attachments
- Engineering principles
- Loads calculations

A Statement of Attainment will be awarded upon successful completion of course assessment requirements. EWP HRWL will be issued by WorkSafe WA on application.
