

## **Building and construction market in Dubai and the GCC now hits \$US 141 billion**

The International Division of Master Builders Australia and MBA WA have been assisting Australian firms to access the large Construction market in Dubai and Gulf Cooperation Council Countries (GCC) since 1999.

The total value of construction contracts awarded across the GCC reached US \$194 billion in 2015 of which the building and construction sectors alone were estimated to hit US\$141 billion.

Now is your opportunity to join the next MBA mission to the Big 5 Show in Dubai from 26-29 November 2017 and capitalise on this important construction market.

The Big 5 Show has been held for the last 36 years and is now the largest building and construction Show in the Middle East. The Show attracted over 78,000 professional visitors last year and exhibitors from 59 countries and 2,586 exhibiting companies.

The Big 5 Show occupies all 12 halls of Dubai's World Trade Centre in 5 dedicated industry categories:

- Building Envelope and Special Construction
- Building Interiors and Finishes
- Smart Building & Design Technologies
- MEP Services
- Construction Tools & Building Materials

MBA can arrange exhibition space in these dedicated sectors.
