

What does MBA Insurance Services cover regarding Cyber Liability and Privacy Protection?

- Third party claims from a failure to keep data secure, including claims for compensation, investigations, payment of fines and penalties. We will also pay defence costs and legal representation expenses.
- Business interruption: Reimbursement for lost profits, as well as necessary expenses incurred to maintain operation of the business as a result of the interruption.
- Remediation costs: Reimbursement of the insured's own costs, including credit monitoring, cyber extortion, data restoration, forensics, notification and public relations costs, and legal representation expenses.
- Extortion and blackmail costs.

The team at MBA Insurance Services can provide you with a quotation for Cyber Insurance to protect you from technology-related risks.
