

STRICTLY EMBARGOED UNTIL 11PM ON SEPTEMBER 2, 2017

Picture-perfect Esperance Property Wins Best Country Home Award

BD Partington Building Contractors pulled out all the stops to create a picture-perfect property that dazzled the judges of this year's Master Builders-Bankwest Building Excellence Awards for the Goldfields-Esperance Region.

In addition to taking out the coveted Best Country Home title, the majestic Esperance residence won a swag of other awards, including Excellence in Painting, Excellence in Wall & Floor Tiling, Excellence in Carpentry Internal & External, Excellence in Plasterboard Linings and Contract Homes over \$1 million.

Brett Partington, who owns BD Partington Building Contractors, said some of the best tradesmen in the region worked on this residence and their quality craftsmanship was immediately evident to its owners and visitors.

Meticulous attention to detail was lavished on every square metre, from the extensive travertine floor tiling to the vanishing-edge swimming pool and the windows that frame the sweeping bay views. Other impressive features include two kitchens, a lift, smart wiring and private bathrooms attached to each bedroom.

Master Builders Executive Director Michael McLean said the top regional home was a "stand-out" in its class.

"It is a credit to Brett Partington and his team of local specialist trades to be building consistently at the highest level for their clients," Mr McLean said.

"The housing industry is always extremely competitive and projects of this nature can be a real challenge to meet everyone's expectations. The builder deserves the highest accolades in achieving such a first-class outcome."

Rob Forgione, of Concept Building Design Group, designed the home so that its owners could live on one level and use the remaining levels to accommodate friends and family when they visit.

This multi-award-winning dwelling will go on to compete with the four other regional winners for the Overall Best Country Home prize at Master Builders-Bankwest Housing Excellence Awards on February 24, 2018.
